

the easy way to connect!

M-CAB®

Artikel-Info

Art-Nr. 7000924

Bezeichnung : USB to Parallel Cable, D-SUB 25p female

The USB-Parallel cable allows your PC to print to DB25 parallel printer device connected through the USB port. Just plug the USB connector of the cable into the USB port of your PC and the other end into the DB25 connector of the parallel printer. USB (Universal Serial Bus) interface provides up to 12Mbps data throughput, so printing is much faster compared when connected to standard parallel port. The USB-Parallel cable also provides true plug-n-play and hot-plug capability - simply plug in the cable under the Windows operating system and the cable will be instantly detected.

Features

- The printer cable converts DB25 (parallel) singals to usb devices.
- Full compatible with USB spec. Ver. 1.1
- Full compatible with USB printer device classic spec
- Bus power support (form PC USB host port via connection cable)
- Compatible with windows 98SE / 2000 / ME / XP / Vista
- Max.through out: 1.2m bytes/ sec (EPC mode)

Druckerkabel USB zu Parallel, D-SUB 25pin

Spezifikationen:

- Wandelt parallele DB25 (parallele) Signale für verwendete USB Geräte um
- Plug & Play fähig
- Kompatibel zur USB Spezifikation Version 1.1
- Stromversorgung über den USB Anschluss am PC
- Kein Netzteil notwendig
- Geeignet für Windows 98SE / 2000 / ME / XP / Vista
- Datentransferrate bis zu 1,2 Mbps (EPC mode)
